What is a Bondho SIM?

Before diving into the specifics of the offer, it is essential to understand what a "bondho" SIM entails. In Bangladesh, a bondho SIM refers to a mobile connection that has been deactivated or suspended due to various reasons such as non-usage, failure to verify identification (KYC compliance), or user-initiated deactivation. These SIMs are often left unused for months or years, rendering them inactive and effectively disconnected from the network.

Several factors contribute to users deactivating their SIMs, including:

1. Lack of interest or changing preferences
2. Migration to other networks or platforms
3. Failure to complete KYC procedures due to administrative hurdles
4. Financial constraints or unpaid dues
5. Switching to internet-based communication apps (e.g., WhatsApp, Messenger)

Despite these reasons, many users may wish to reactivate their numbers later, especially if they have sentimental, business, or practical reasons to do so.
