Financial Management

1. **Question:** How do you calculate the Weighted Average Cost of Capital (WACC), and why is it important?
2. **Answer:** The WACC is calculated as the weighted sum of the cost of equity and the cost of debt, proportionally weighted based on the company’s capital structure. The formula is: WACC = (E/V) Re + (D/V) Rd (1 - Tc) Where: - E = Market value of equity - D = Market value of debt - V = E + D (total value) - Re = Cost of equity - Rd = Cost of debt - Tc = Corporate tax rate WACC is crucial because it reflects the average rate that a company must pay to finance its assets. It is used as a discount rate in capital budgeting to evaluate investment projects and determine their viability.

Marketing

1. **Question:** Explain the concept of market segmentation and its significance in marketing strategy.
2. **Answer:** Market segmentation involves dividing a broad consumer or business market into sub-groups based on shared characteristics such as demographics, psychographics, behavior, or geographic location. The goal is to identify segments with similar needs and preferences to tailor marketing efforts effectively. This approach enhances targeting precision, improves customer satisfaction, and increases marketing ROI. Proper segmentation allows companies to develop customized value propositions and allocate resources efficiently.

Organizational Behavior and Leadership

1. **Question:** Describe the main differences between transformational and transactional leadership.
2. **Answer:** Transformational leadership focuses on inspiring and motivating followers to achieve extraordinary outcomes by creating a vision, fostering innovation, and encouraging personal development. It emphasizes charisma, intellectual stimulation, and individualized consideration. Transactional leadership, on the other hand, is based on a system of exchanges or transactions. Leaders clarify roles, set performance expectations, and reward or discipline followers based on performance. It is primarily task-oriented and effective for routine tasks and short-term goals. While transformational leadership drives change and innovation, transactional leadership maintains stability and efficiency.

Bargaining Power of Buyers: Customers' influence on pricing and quality. 4. Threat of Substitute Products or Services: Alternatives that can replace existing offerings. 5.
