Understanding SBA Questions for the Part 2 MRCOG

What Are SBA Questions?

SBA questions, or Structured Briefing and Assessment questions, are designed to simulate real clinical scenarios faced by obstetricians and gynecologists. They assess your capacity to synthesize patient information, formulate management plans, and demonstrate clinical reasoning within a timed setting. Unlike traditional multiple-choice questions, SBA questions often involve a brief clinical vignette followed by targeted questions requiring concise, evidence-based responses.

The Role of SBA in the MRCOG Part 2 Exam

The Part 2 MRCOG exam emphasizes applied knowledge and clinical decision-making. SBA questions form a core part of the written component, usually comprising around 70-80% of the exam. These questions evaluate your proficiency in the following areas: - Diagnosis and differential diagnosis - Management planning - Communication skills - Risk assessment - Understanding of guidelines and evidence-based practices

Common Formats and Types of SBA Questions

Typical Structure of SBA Questions

An SBA question generally follows this format: 1. Clinical Vignette: A brief patient scenario presenting relevant history, examination findings, and investigations. 2. Targeted Questions: Usually 2-4 questions asking for specific management steps, interpretation, or advice. For example: A 32-year-old woman presents with irregular bleeding and pelvic pain. Ultrasound shows a complex ovarian cyst. What is the next step in management?

Question Types

The questions can be categorized based on the skills they assess: - Knowledge-based questions: Focused on guidelines, definitions, or classifications. - Application questions: Require applying knowledge to clinical scenarios. - Interpretation questions: Involving interpretation of investigations such as ultrasound, blood tests, or pathology. -

Management questions: Covering decision-making, intervention choices, and risk stratification. - Communication and counseling: Addressing patient information, consent, and shared decision-making.
