Adjusting screen settings plays a crucial role in reading comfort. Most reading apps allow you to customize font size, font style, line spacing, and background color. Increasing font size and line spacing can reduce eye strain, while using dark mode or sepia backgrounds may improve readability in low-light environments. Adjusting screen brightness to match ambient lighting further enhances comfort and protects eye health during long reading sessions.

Text automatically adjusts to different screen sizes, allowing comfortable reading on smartphones and dedicated eReaders. If you prioritize readability and customization, ePub is often the best choice for reading Satya Prakash Electrodynamics on the go. However, complex layouts may not always appear exactly as intended.
