The Origins and Context of Henry and June

Biographical Background of Anaïs Nin

Born in France in 1903 to Cuban parents, Anaïs Nin became a prolific diarist, novelist, and essayist whose work explores themes of sexuality, femininity, and artistic expression. Her diaries, spanning several decades, paved the way for her autobiographical works. Nin’s early life was marked by intellectual curiosity and a desire to challenge conventional norms, which she expressed through her writing and relationships.

The Parisian Literary Scene of the 1930s

In the early 20th century, Paris was a hub for expatriate writers, artists, and intellectuals. The city fostered a bohemian lifestyle that embraced free expression and experimentation. It was within this milieu that Nin met Henry Miller, a fellow American expatriate and aspiring writer, leading to a complex

and influential relationship. The interactions among Nin, Miller, and his wife June became the basis for Nin’s memoir.

Creation of Henry and June Originally conceived as a series of diary entries and letters, Henry and June was intended for Nin’s personal use. However, as her relationship with the Millers deepened and her reflections became more candid, she recognized the potential for a published work that could challenge societal taboos. The memoir was first published posthumously in 1986, nearly five decades after Nin’s death, in a heavily edited version that aimed to balance privacy with literary honesty.

autonomy over their bodies and narratives.

stream-of-consciousness techniques that lend authenticity and immediacy to her storytelling.
