Note: The specific identity of "Brother" remains unconfirmed, as many of these activities are conducted covertly to avoid legal repercussions.

The Phenomenon of Fake Downloads in Digital Music

Fake downloads refer to the practice of artificially inflating download counts or providing unauthorized copies of digital content. This can serve multiple purposes: - Boosting perceived popularity - Generating revenue through counterfeit sales - Spreading malware or phishing schemes - Undermining legitimate artists and platforms In the case of Sistar, the issue of fake downloads has been particularly sensitive due to their widespread popularity and the commercial implications for their label, Starship Entertainment.
